# WORK PLAN:

Imagine a person with the ability to become the next Picasso entering an engineering college with no know how to explore his ideas. Without proper guidance he will be unable to make use of his talent, that's when we come into play.

We are Ipsity, we are the councillors who can help you stay in lead with our portal. Together with our combined efforts we can help you reach the college of your choice in no time. Let us help you shine above the crowd.

We got this idea of combining the students and institutes altogether in a single platform, learning from our own experiences. We here formed a counselling site where both the students as well as the institutes can operate over a single platform. This will lead to a less hectic plan of conducting so many different entrances. There will be only one entrance for each stream of all the universities out there and universities can choose their batches according to their rank details. Also the design and layout of the page are kept simple keeping in mind the purpose it is built for. Also the primary grade of our website is kept blue which makes our website look more decent and polished.

# LOGIN PAGE:

It is here that we worked upon the login credentials of the institute as well as the students. You can switch between the two by just clicking on the icon displayed above the Student/Institute login. Also the new users can easily Sign up for the privileges Ipsity offers by clicking on new users. Along with that you can also give certain validations if you no longer have the record of your account of password to reset the same.

delayed</u></a></p>

            Governor Baby Rani Maurya chaired the meeting of vice-chancellors (VC) of state
universities through video conferencing from Rajbhawan here on Thursday,in which the VCs
maintained that the examinations and academic sessions would be delayed this year as many
colleges have turned into quarantine centers and all the medical colleges are operating as Covid-
19 dedicated facilities.<br>
            During the video coference, VC of Pantnagar University Tej Pratap informed the
governor that a large part of the university campus and hostel have been made into quarantine
center.

faculty put on canvassing duty to woo students</u></a></p>

        Engineering colleges are facing a tough admission season due to Covid-19 crisis.
Fearing dip in admissions,many colleges across the state have put their members on on
canvassing duty to woo students.<br>
        Many colleges hacve been asked their faculty members to call up potential students
while some colleges have been assigned them on door-to-door canvassing during the pandemic.
Some colleges in Chennai, Kancheepuram and Tiruvallur districs asked the faculti members to
come to colleges from the second week of May to make telephone calls to Class XII students.

Joseph engineering college holds webinar on engineering education on May 16</a></p>
        St Joseph Engineering College, Mangaluru has come up with a unique initiative to
give clarity about prevailing confusion regarding admissions to engineering through a webinar-
engineering education: post COVID-scenario on May 16 from 4:30pm. Webinar intends to throw
light on the impact of COVID-19 on engineering education which is a major cause for concern
among most of the current PU students and their parents.

        The All India Council for Technical Education has reduced intake by 50% for courses with poor admission in the five years in engineering colleges and polytchnics in Tamil Nadu. Seats for courses with less than 30% admissions have been reduced in 122 engineering colleges and 155 polytechnics, data from a RTI reply shows. <br>
        While the sanctioned strength for a course is 60 seats, most courses now have only 30, in some colleges the number are as low as 12 and 15 seats.Suprisingly, intake has been cut for popular branches such as electronics and communications engineering, computer science and information technology.

# COURSES:

Here we have briefly explained about all the courses we deal with. Rather than confusing the students with so many courses our motto is to aware the students of the wide variety of options they have, rather than limiting them for to a limited portion. Also we have provided the input years so that you can clearly plan out your future along with the streams which supersets them.

# ABOUT US:

In this portion of our tab we briefly explained about who we are and why we are different from others. We have also explained the quality of our service to give people a promising area to invest upon. We have also mentioned the staff authorities along with their contact details so that people can converse with them if they have some issues related to our service, although it is always advised to ring our helpline numbers first.

# FINANCE SERVICES:

This part of our website keeps track of the students who are exceptional in their line of work but do not have the appropriate sources and finances. We here tried to make sure that their talent does not go in vain. We have included three Financial Services which involved Scholarship Tests, Financial Aids, and Loan related services. The other two services are mention keeping in mind the competition nowadays- those who get the privilege of scholarships don't might get benefitted using the other two services.

# TRAVEL SUPPORT:

If you are not well aware of the area that surrounds your institute we provide you with the facility of travel support. We made this tab keeping in mind the pressure, students suffer during this time of their lives. We have chosen our chaperon's is such a way that no area of our country is left untraced. We have divided our services in five zones i.e. North, South, East, West, and Central. We have also provided a toll free number at the end so that you can contact them if you face any problem.

# MEET A GUIDE:

We have given a list of our most popular guides. This is done in accordance to different streams that children nowadays trifle with. We have given the names of these guides along with the areas or the specialties they have. Also we provided the age group they target. Experience of each and every individual guide is also mentioned along with their contact details for instant interactions.

# CONTACT US:

This can be considered as the most important part of our website as it is here that all of your queries are solved. Even if we miss one or two things of mentioning it is here that you can verify your doubts regarding your subject. Also we take comments in our sites along with our healthy statement which makes the student feel in a safe space to ask questions. We have also provided our mail ID with regard to these comments. The service hours of our sites are also clearly mentioned. The last portion of this page includes our area of operation along with telephone and fax service details.

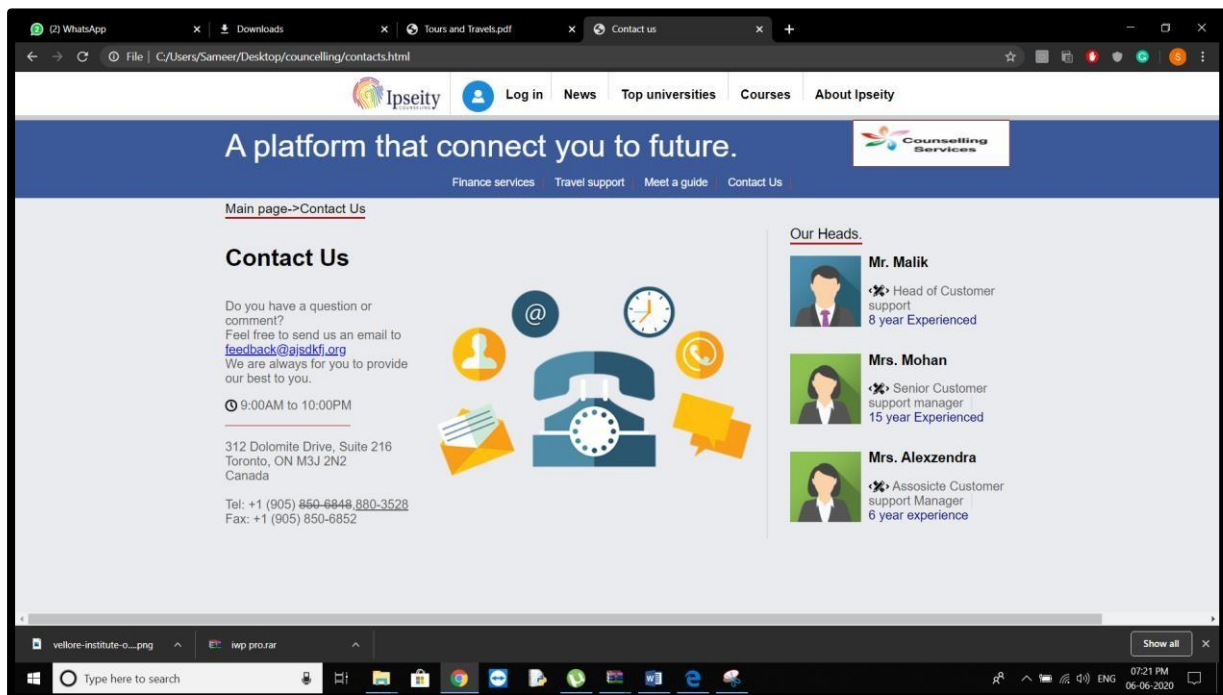

All the aspects that we covered are based on our idea of how an online counselling service should appeal. Altogether we tried to build a platform so that the students might not wander around filling different counselling forms for different institutes.

We sum up by saying that education need to be centralized in a lot of areas counselling services being one of them.
